It's traveling time!

Follow these steps to help on your trip
at Guarulhos Airport!

Before leaving your country:

All the exchange students need to keep the Brazilian Chairperson updated about your trip to Brazil! Remember to send a private message through What'sApp from the moment you leave your country until you board on your flight to your final destination!

Landed in São Paulo?

Text the Chairperson to let him know you're already in Brazil, grab your backpack and/or carry-on suitcase and leave the airplane.

- Follow the first sign: **Baggage claim**

- **Second Sign: Passport Control**

- **Then you'll see two different signs:**

- **Follow the foreigners' line:**

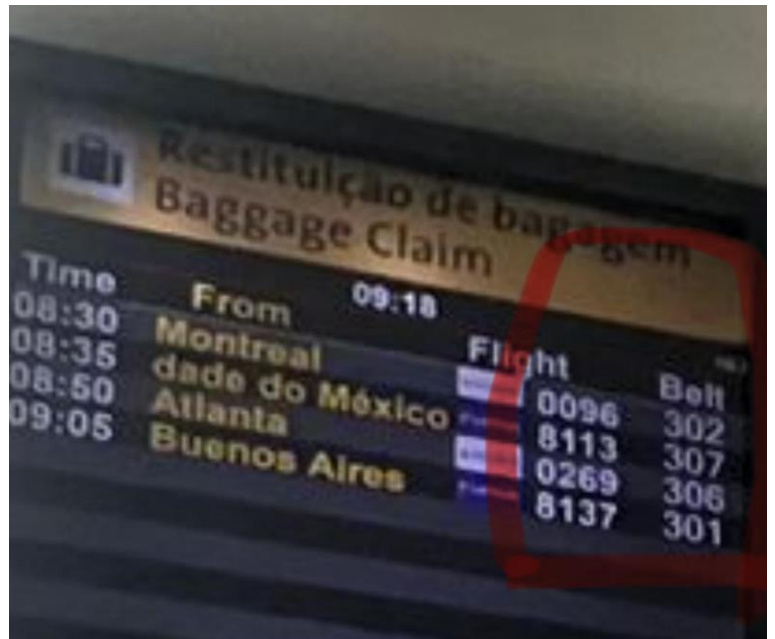

Here you'll have to show your passport, bring a copy of your Guarantee Form (GF) and sometimes they ask for your insurance as well.

- Follow the way to pick up your luggage

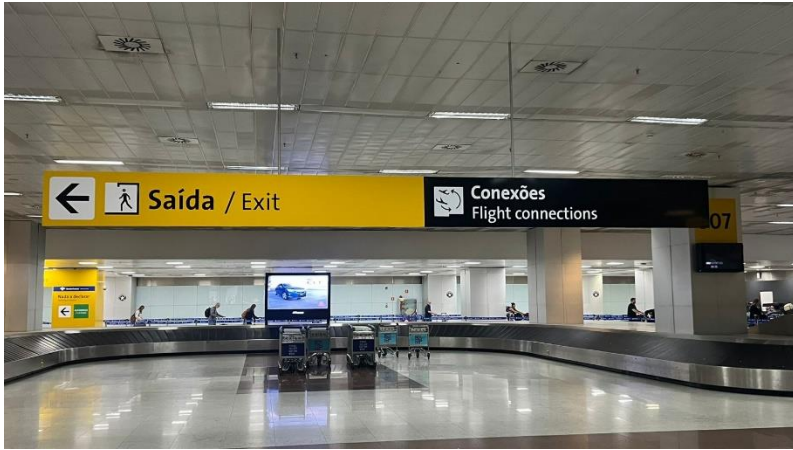

Look for this screen and check which conveyour belt your luggage will be!

- After picking up your luggage, walk to the exit

- **Now you'll need to walk to the domestic flights connections**

Once you find your connection flight company (normally it's Latam), check in your luggage at the balcony and if you're under 16 years old, you'll need the travel authorization signed by your parents!

- Walk to terminal 2

- Pass through security (X-Ray control) and find the gate for your flight to your final destination

Once you find the gate, keep an eye on the screen to make sure they haven't changed the boarding gate! Sometimes it may happen! When you're in the airplane, text the Chairperson again and let him know you're on your way to meet your host family!

Safe travels!
See you soon!
